The purpose of this Term Sheet is to provide the basis for the preparation of definitive agreements for certain proposed transactions (the “**Transactions**”). The definitive agreements will elaborate upon and will contain additional provisions as reasonably required. The terms and conditions set forth herein are non-binding and consequently do not constitute any form of binding offer or contract, except with respect to the Binding Provisions specified under the caption “Non-Binding Effect.”

This Term Sheet shall expire, and the offer made by this Term Sheet may not be accepted from and after 15 days after the date first written above, unless accepted by the Investor in its sole and absolute discretion.

Company:	Ferdocean Shipping AS, a Norwegian limited company organized under the laws of Norway.
Common Stock:	Shares of the common stock of the Company (“ Common Stock ”).
Investment:	The capital commitment amount (“ Capital Commitment ”) shall mean One Hundred and Fifty Million U.S. Dollars (\$150,000,000) . The Investor will invest on the terms set forth in this term sheet and subject to the terms set forth in the definitive agreements an amount up to the Capital Commitment (the “ Investment Amount ”) at a price per share equal to the Share Price, as defined below for the purchase of Senior Convertible Preferred Stock (the “ Preferred Stock ”), representing an aggregate of 30.00% of the fully diluted capitalization of the Company subsequent to completion of the transactions contemplated hereunder, which will have specified voting rights, a 9.00% per annum dividend, dilution protection (e.g. against down rounds), and other customary covenants by the Company and rights; and shall issue, on the Effective Date, a fully paid non assessable Warrant exercisable at par value, which provides BH Partners the right to purchase Common Stock in an equal percentage and amount as issuable to the Preferred Stock.
Restricted Securities / No specified right to appoint Board Directors:	<ul style="list-style-type: none">• The securities issued hereunder will be issued in a private placement and shall be restricted securities, and shall be further restricted in accordance with the blocker provision described below.• Only the Company’s Common Stock will be required to be a listed and trading security prior to the Company’s drawdown of the Investment Amount. The Preferred Stock and Warrants will not be listed securities.

	<ul style="list-style-type: none"> • The Preferred Stock that is issued will be a non-voting series, which shall NOT have a specified right to appoint board directors, and may be exchanged for a voting series of Preferred Stock, subject to the limitation of the blocker provision described below. • The Preferred Stock and Warrants will each be subject to a customary “blocker” provision whereby the holder will be required to provide notice sixty-one days in advance of any conversion that would result in the holder exceeding 4.99% of the beneficial voting interest in the Company.
Expected Date for Execution and Delivery of the Definitive Agreements:	The Investor shall deliver a draft of the definitive agreements for the separate transactions within approximately 30 to 45 calendar days following the receipt of the Transaction Expense and subsequent provisioning of personnel required to prepare such documents, assuming that the diligence information that is from time to time requested by The Investor is promptly provided by the Company. The date that the Parties execute and deliver the definitive agreements is referred to as the “ Effective Date ”.
Investment Exercise:	<p>The Investment Amount set forth above will be invested in the Company in a private transaction through an Investment Agreement which provides the Company with certain flexibility to elect the timing of when the investment will be drawn down (via a put / call provision); provided that the Company’s Common Stock including those shares underlying the securities issued hereunder are trading in a liquid market on a national securities exchange (NYSE, NYSE MKT, or any tier of the NASDAQ) and may trade freely without restriction. The Company shall have a put right which when exercised requires Investor to purchase the Preferred Stock, and the Investor shall have a call right which when exercised allows Investor to purchase the Preferred Stock, each as further specified in the definitive agreements. The Company’s put right may be exercised from the date specified in the definitive documents which is based on the date the Company is a public company with its common stock listed on an approved stock exchange until the date that is the earlier of (a) 3 years after the Effective Date, or (b) any exercise of the call right. Investors’ call right may be exercised on or following the date that is 1 year after the date the Company becomes a public company or 3 years following the Effective Date. The price per share (the “Share Price”) and number of shares issuable will be computed during the Exercise Period as further specified in the definitive agreements, such that the Share Price will equal a price based on VWAP determined following the exercise of the put right or call right as further specified in the definitive agreements, or a specified alternative valuation in the event that the Company’s Common Stock is not traded on a national securities exchange, and shall not exceed the price per converted number of Common Stock of any security or other purchase right that the Company offers to sell, sells, or issues during the Exercise Period. The Investment Amount will be paid in full, not in part, following delivery of the Preferred Stock, unless the parties mutually agree to a multiple closings provision in the definitive agreements. There will be a charge of approximately 6% per annum, not compounded, for the Capital Commitment until drawn, which may be deducted from the Investment Amount. Under the definitive agreements, the Company will provide customary representations, security interests, warranties and covenants, including a liquidation preference, Key-Person insurance, legal opinions, creation of certain stock incentive plans, and provisions related to debt limits and conversion, cancelation, or retirement of certain existing debts.</p> <p>Multiple Closings Option. The Company may elect a multiple closing option, which will be reflected in the definitive agreements. In which case, the Company’s put option may be exercised in up to 4 equal Tranches, which, subject to the agreed terms may permit multiple Tranches to be drawn in the same exercise notice. Each Tranche will have a specified minimum exercise amount equal to 25% of the Capital Commitment (i.e. \$37,500,000) and 25% of the amount of Preferred Stock being sold pursuant to this Agreement (which amounts to approximately 7.50% of the fully diluted shares of the Company). Each Tranche shall be exercised sequentially. The Company may elect to exercise multiple Tranches in the same notice of exercise provided conditions required for exercise are satisfied.
